Custodians School September 11 To 13

RANK JARRELL ANNOUNCES THAT SESSIONS WILL BE AT HIGH SCHOOL

George H. Bush, custodian counselor working with the division of education and applied psychology, of Purdue university, has written to Frank Jarrell, superintendent of education of Putnam county, announcing change in the dates of the school for custodians of the county schools. He says it was originally intended to hold the school earlier, but the dates were agreed upon are Monday, Tuesday and Wednesday, September 11 to 13, inclusive. These will be evening sessions, beginning at 7 o'clock. The sessions will be in the High School building at Greencastle, and Paul F. Boston, superintendent of the Greencastle consolidated schools, is working with Mr. Bush and Mr. Jarrell. The custodians of the Greencastle schools are included in the invitation, as well as all other custodians working in the county, regardless of their connection. Mr. Bush will conduct the sessions. Monday evening, the topics will include the relationship of custodians to the superintendent, principal, teachers, children, patrons and to the custodians. Tuesday evening, the work will take up the custodians' personal habits—language, dress, use of tobacco and liquor. Wednesday evening, the theme will be work schedules, how constructed, how used and their importance.

Dean Salzer, Miesse Cars In Wreck

Considerable damage resulted from a collision of an automobile owned and driven by Dean Helen C. Salzer, of Rector Hall, Greencastle, and a car which was being backed out of the Miesse drive, on the Stilesville road, near Wood street, late Sunday afternoon. Dean Salzer was driving west and the Miesse car was being turned west, but had not yet become entirely headed in that direction. The Salzer car is a '39 Oldsmobile coach and the other car involved is a Nash of an older model.

Brings Pressure Toward A Climax

HITLER TO ADDRESS NATION SUNDAY; ATTACHES ARRIVE AT RACES

BERLIN, Aug. 21 (UP)—Germany brought its pressure on Poland toward a climax today as Adolf Hitler prepared to address the Nation at Tannenberg, seven miles from the Polish frontier, next Sunday.

It was rumored that Hitler might make a surprise visit to Danzig aboard the Cruiser Koenigsberg, which is due at Danzig Friday, as a symbol that the Reich was behind the free city.

From Danzig Hitler could cross the New Vistula river bridge, connecting Danzig with the east Prussian Garrison town of Elbing, and continue on by motor car the 55 miles to Tannenberg.

However, some well informed sources expressed belief that Hitler would defer his visit in the belief that Danzig would soon be joined to Germany and he could enter in triumph as its legal Fuehrer.

The Tannenberg speech Sunday marking the 25th anniversary of a great victory against Russia, and the Nazi party annual rally opening at Nuremberg Sunday Sept. 2 were regarded as climatic dates in Germany's demands on Poland, now extended to include not only Danzig but the Polish corridor, and Polish Silesia.

Joachim Von Ribbentrop, Foreign minister, conferred with Hitler at Berchtesgaden yesterday after having conferred with Bernado Attolico, Italian Ambassador, at Salzburg.

Sir Neville Henderson, British Ambassador, was expected at Salzburg today, ostensibly to attend an International motorcycle meet, but presumably also to confer with Ribbentrop.

Strangely, also, British, French and Italian military attaches arrived to watch the races.

As the first move in a week which was expected to bring developments of world importance, Germany announced the conclusion of a trade agreement with Russia.

INITIATED INTO PHI DELTA KAPPA

Gilbert E. Rainge, mathematics teacher in Greencastle High School, was elected to membership in Phi Delta Kappa, national honorary educational fraternity, at Indiana University during the summer session. Membership in the fraternity is based on high scholarship and promise in the profession of teaching.

Mr. Rainge is doing graduate work toward a master's degree at Indiana University this summer. He will resume his duties as teacher in Greencastle High School this fall.

THIS WEEK'S WEATHER

Scattered showers at beginning of week and again near end. Warm, followed by temperature near normal from Tuesday through Thursday; warmer during latter part of week.

Mother Of Local Woman Succumbs

MRS. BADER, MOTHER OF MRS. EDGAR PREVO DIED EARLY MONDAY MORNING

Mrs. Constance Bader, age 79 years, mother of Mrs. Edgar Prevo of this city, died Monday morning at 5 o'clock in Terre Haute. Mrs. Bader had been ill for about a month.

Survivors are three children, Mrs. Charles P. O'Leary and Rudolph Bader, both of Terre Haute, and Mrs. Prevo, of this city. Her husband preceded her in death in 1919.

Funeral services will be held Wednesday morning at 8:30 o'clock at the home in Terre Haute followed by services at 9 o'clock from the St. Benedict's Church in that city.

S. E. CLAPPS OBSERVE 50TH ANNIVERSARY

MR. AND MRS. CLAPP ARE NOW LIVING ON EAST SIDE OF MAPLE HEIGHTS

MEMBER OF MASONIC LODGE

Flowers, Cards and Other Beautiful and Substantial Gifts Honored the Occasion

Fifty years ago, Sunday, Jennie Phillips and Samuel E. Clapp stood before the Methodist pastor, the Rev. J. L. Perry, at Hartsville, in Bartholomew county, this state, and made the responses to the questions asked of them by the preacher, to make them husband and wife.

Mr. Clapp, at his pleasant home on the east side of Maple Heights Sunday afternoon, recalled, with a chuckle, that he wore a Prince Albert suit which had cost him \$35, tailor-made, with usual stiff-bosomed shirt and tight collar of that day. He remembered, too, that the winter following that date so memorable in the lives of these two persons was the mildest on the records of the weather bureau, for which they were duly thankful.

Through 35 years beginning with their marriage, Mr. and Mrs. Clapp lived on a farm in the edge of Decatur county, and were genuine "dirt" farmers. They worked hard, and were good citizens. In 1917, they moved to Greencastle, having a home at first on south College avenue, then they spent five years in residence on Elm street, and, since 1922, have lived on their own place, their pleasantly situated fruit farm at the east limit of Maple Heights. This year, the apple trees on that place will produce something like 1300 bushels of fruit, it now appears.

Their home was the gathering place of a large number of relatives Sunday. They sat at a picnic dinner on the front lawn, at noon, and during the afternoon they had a fine visit. Among those present were the children of Mr. and Mrs. Clapp; they being Charles L. Clapp, of Indianapolis; Harry E. Clapp and wife, of Rockford, Ill.; Miss Mary V. Clapp teacher in the high school of Brazil; and Russell O. Clapp, of Greencastle.

"There has been no serious sickness and no deaths, in our family," Mr. Clapp remarked, with much satisfaction.

Among the visitors, also, were the following: Clei Courtner and wife, of Jeffersonville; their son, Arthur, a teacher at Sellersburg, and his wife; Ed E. Clapp and two daughters, of Burney, this state; W. E. Clapp and family, C. C. Clapp, of Indianapolis; John T. Clapp, and family, Indianapolis; Mr. and Mrs. Herschel Conway, of Acton, and there were others.

The wedding cake was a masterpiece of the baker's art, it coming from Will Clapp and wife. It was large and rectangular, built up in "stories," made of the finest materials, covered with white ornamented golden designs. There were flowers and cards, and some other very beautiful and substantial gifts, all of these, honoring the momentous occasion.

These two respected citizens of this community are members of the Methodist church, and he has been a Mason for 38 years.

SMALL POWERS MAKE APPEAL FOR PEACE

BRUSSELS, Belgium, Aug. 21—(UP)—A special cabinet meeting decided today to propose that the Oslo powers—the Netherlands, Belgium, Luxembourg, Denmark, Norway and Sweden—make a joint appeal to the great powers for peace.

The six nations, which comprise the outstanding neutrals of northwestern Europe, would appeal to the big powers to do their utmost to avoid bringing suffering not only on their own peoples but also on the populations of smaller countries not concerned with their quarrels.

King Leopold has invited the foreign ministers of the Oslo states to meet at Brussels on Wednesday in connection with the European situation.

The ministers presumably will draft a joint proposal to the big powers.

FILM STARS MARRY

DEL MONTE, Cal., Aug. 21—(UP)—Film stars Joan Fontaine and Brian Aherne were married here yesterday in St. John's Episcopal chapel.

Olivia De Havilland, screen star and sister of the bride, was her attendant. Lewis D. Leighton of Bel-Aire was best man.

Embark In Canoe At Water Works Dam

Robert Dean, manager of Oakley's in this city, and Orville O'Hair, of the same store, had a unique outing Sunday, growing out of love of seeing something new, which most young people have. As a consummation of a plan that had been developing some time, they embarked in a canoe at the water works dam, north of Greencastle, Sunday morning, and started out to see the world. They floated and waded down that stream as far as Oak Hill camp, having interesting experiences and seeing many interesting things, along the way, but having to give up a continuation of the trip because there wasn't enough time to go much farther. The creek was at a somewhat low level, involving wading across many gravel bars, surmounting of sunken logs, pulling through weed growth, and overcoming other difficulties. Their canoe was hauled back to Greencastle, and, on a later date, another start will be made, this time from the point at which they quit Sunday.

Russellville Woman Succumbs

FUNERAL SERVICES WILL BE HELD TUESDAY AFTERNOON AT 2 O'CLOCK

Mrs. Effie Catherine Owens, one of the older women residents of Russellville, died Sunday afternoon at the home of her twin sister, Miss Cora Hyten, in Roachdale. She would have been 72 years old Tuesday. She had lived in Russellville since 1921, but was born in Parkersburg.

Mrs. Owens was the daughter of Dr. William and Melinda Hyten. On Feb. 13, 1893 she was married to William Owens, who expired in 1912.

She had been in failing health the past three years and her death was attributed to a complication of diseases.

Mrs. Owens was a member of the Russellville Christian church.

Surviving, besides the twin-sister at whose home she died, are a brother, Thimian Hyten, Lebanon, and several nieces and nephews. A daughter, Verda, died in 1929.

Funeral services will be held Tuesday afternoon at 2 o'clock. The Rev. Mr. Hartling will have charge and burial will be made in Ladoga cemetery. Friends may call at the McGaughey and Sons funeral home at Russellville.

FILLMORE HOLDS FISH FRY AUG. 23

Fillmore will be the scene of a fish fry on Wednesday evening when the Band Parent's Association will continue their drive to raise money for the band. The last fry was held two weeks ago and was attended by over a thousand people.

The State Farm band will again furnish entertainment but this time the entire band will be there and there will be a completely different program.

There promises to be plenty of fish and entertainment according to the reports and it is anticipated that there will be as good a crowd as attended the last fry.

Eugene Hoffner of Flint, Mich. who has been a patient in the Putnam county hospital since June 29th due to injuries suffered in an automobile accident south of the city, returned to his home Sunday.

20 Years Ago IN GREENCASTLE

Edward Hamilton and mother moved into their new home on Taylor avenue, which Mr. Hamilton had recently purchased from Mrs. Landes.

Mr. and Mrs. Edgar Vancleave visited in Franklin.

Mr. and Mrs. Roy Abrams and son Marshall and Mrs. William Denman returned from two weeks at Lake Webster.

Among those who received thanks for their activities in preparing for the farmer's picnic were Elmer Crawley, of the Commercial club; John McCabe, Jr., of the farmers' organization; Frank Cannon, chairman of the entertainment committee.

The home of Mr. and Mrs. J. P. Allen, Jr., on east Seminary street was saved—in the absence of the owners—from burning by Mrs. Swahlen, who discovered fire in a ceiling, where escaping electricity had burned a hole through a gas pipe and had ignited the gas. She called the fire department.

Mrs. Brumley, 64, Expired Suddenly

SUFFERED A HEART ATTACK SUNDAY MIDNIGHT AT HER HOME

Mrs. Mary Brumley, age 64 years, wife of Samuel Brumley, died suddenly of a heart attack Sunday midnight at her home at 316 south Bloomington street.

Survivors are the husband, an employee of the American Zinc Products Company; two daughters, Mrs. Morris Crawley and Mrs. James King, both of this city, and a granddaughter, Mary Barbara King; two brothers, Charles and John Swain, both of Terre Haute; and three sisters, Mrs. Elsie Ellis and Mrs. Holmes Craver, both of this city, and Mrs. George Hatcher, of Terre Haute.

Funeral services for the well known woman will be announced later. Friends may call at the family residence on south Bloomington street.

TO HOLD SCHOOL REUNION AUG. 27

The Carpenters school reunion again will be held at the old school building of that place, north of Bainbridge, Sunday, August 27. This year Edwin Smith is president and Mrs. Glen Puckle is secretary and treasurer. The invitations set out that "all former residents of the community, pupils and teachers are invited to bring well-filled baskets. Entertainment will be provided."

ARNOLD RETURNS FROM MEXICAN TRIP; DESCRIBES FAMOUS HIGHWAY

GREENCASTLE, Ind., July 21—It took us just 49 hours to get back where they speak English, cook all the food, smoke white cigarettes and stay awake during the afternoon.

From Mexico City to Indiana, in a car loaded with 800 pounds of luggage and five bearded men all hungry for the U. S. A. provided some inconvenience but it was quickly forgotten after crossing the border.

The U. S. customs officials at Laredo, Tex., took one look at the baggage strapped to the top of the sedan and decided since it was just dawn it was far too early in the morning to worry whether there were any "little men in barrels" and passed the Indiana circus with only perfunctory examination.

Traveling from Mexico City offered this correspondent his first view of the breath-taking Pan-American highway which extends from the Mexican capital to the border. The car left Mexico City Thursday morning about 9 o'clock, and the boys drove steadily all day and night to reach Laredo. One stretch, from Mexico City to Tamazunchale is all mountain. It required four hours to negotiate one 100 mile stretch of mountain road.

Mexican engineers have accom-

plished an engineering marvel. All curves are banked like a race track. Although you can count ten hairpin turns in a half hour's driving the danger of accident is remote if due caution is observed.

The main hazard of night driving is the occupation of the right-of-way by hundreds of cattle, who forsake the brush at night to graze by the road. Generally, thick fog blankets the lowlands at night, but in this particular instance atmospheric conditions were perfect.

It is truly remarkable to drive down the mountains into tropical country, descending from an elevation of 8000 feet to sea level in about five miles—from the temperate to the torrid zone. Yet at no time does the road descend to a degree exceeding six per cent. The drive for the tourist is perfect. At Ciudad Victoria, at Juarez, at Tamazunchale, at Monterrey—perfect hotel accommodations may be found.

When we left Mexico City, the tourist trade was at its peak. Practically all hotels in the city were full, the peso was nearly six-to-one in the exchange, and the rainy season was beginning to wane. Another month and Mexico's capital will be practically deserted of Americans until

NEW TRADE AGREEMENT IMPORTANT

RUSSIAN-GERMAN AGREEMENT TURNING POINT IN BUSINESS RELATIONS

GOT EXCEPTIONAL TERMS

Germany to Assist Russian Trade Delegates in Placing Orders With Individual Firms

MOSCOW, Aug. 21.—(UP)—A new Russian-German trade agreement may prove a substantial step for further improvement not only of economic but also of political relations between the Soviet Union and Germany, the newspaper Pravda, official organ of the Communist party, said today.

"It can be safely stated that the new agreement is a turning point in business relations of the two countries," said Izvestia, official newspaper organ of the government.

Announcement of the Russian-German agreement came at a time when it had been admitted that differences had arisen in negotiations by Russia with Britain and French military missions for an anti-aggression military alliance.

Though optimism was expressed that both political and military accords would be reached, negotiations were in recess for the present pending receipt of new instructions by the British and French mission.

Intrinsically, the trade agreement was important enough, involving an \$86,000,000 credit by Germany to Russia and purchase by Russia of \$72,000,000 of German goods.

The comments by the two official newspapers, however, gave it even additional moment.

As regards the new agreement, it said that the German government undertakes to assist Russian trade delegates in placing orders in the German market with individual firms. As it is possible that Russia may pay in cash for some of these purchases, Izvestia said, the grant of a big credit by Germany becomes in a way a financial credit rather than a trade one. Further, it was said that five per cent interest rate on the credit, and provision for payment of 30 per cent of the principal in 6½ years, 40 per cent in seven years and 30 per cent in 7½ years meant that Russia was getting exceptionally good terms.

McNutt Speaks On Cooperative Peace

3,000 LEGIONNAIRES GATHERED AT BLOOMINGTON FOR 21ST CONVENTION

BLOOMINGTON, Ind., Aug. 21—(UP)—"Cooperative Peace" is the goal for which America should strive if it is to avoid becoming embroiled in a European war, Federal Security Administrator Paul V. McNutt told 3,000 Legionnaires gathered here for their 21st annual state convention yesterday.

Speaking before a crowd which packed the high school gymnasium, McNutt, former Bloomington post, state and national Legion commander, scored "extreme isolation" as impractical and charged that isolationists tell only one side of the story.

"The first duty of the United States is to itself," McNutt declared, "but today the world is engulfed in a controversy testing whether any nation dedicated to peaceful ways of living can long endure."

Extreme isolationists, McNutt said suggests drawing a line around the new world, forgetting that it is an integral part of the economic life of the old world. Such isolation would mean trebling the navy, expanding the army and abandoning many lucrative markets, the security administrator pointed out, and would mean an upheaval "almost as great

HADLEY CAMMACK'S TO VISIT IN CHICAGO

Mr. and Mrs. Hadley B. Cammack and three children, of Houston, Texas, who have been visiting the parents of the former, J. O. and Mrs. Cammack of East Washington St., left Sunday morning for Chicago where they will visit a few days with relatives and friends, before returning to their Texas home.

Hadley Cammack is a former Greencastle boy. After graduating from Purdue engineering school he went to Chicago with the Chicago Surface Lines for five years, where he distinguished himself by inventing a traffic signal system that was adopted by the City of Chicago and is still in use in the Loop and on Michigan Blvd.

In 1928 he was offered a better position with Huston Electric Co., where he has been for some years and still is Supt. of Traffic. In a little more than eleven years he has seen Houston grow from a city of

250,000 to 450,000. At the present rate of growth, it will soon be the largest city in the South.

His company has kept pace with the city's growth and has put in modern gasoline busses for most of the city transportation.

IN ALL STAR GAME AT INDIANAPOLIS

The four players shown above were outstanding members of the high school basketball squads which clashed the Butler Field House in the All-star game Friday night (August 18). Harold Pyle, on left, was the Frankfort player; George Crowe of Franklin, second from left, was a member of the All-star squad and the player who led the most votes in the state wide poll. Greencastle's Don Frazier, third from the left, was awarded the outstanding player award by the working press and was the high point man of the All-star team. On the extreme right is Charles (Splinter) Johnson, Frankfort center and high point man of the game.

FOUR GAMES AT ROBE ANN YESTERDAY

ZINC MILL TAKES NORTHERN INDIANA POWER 10-6; LOSE TO COKE

TAYLOR STRIKES OUT 11 COKE

Robe Ann Park was the scene of four ball games yesterday as the Putnam league started a drive to get its schedule completed. Two games were played in the afternoon, Morton taking Fillmore 10-1 and the Zinc Mill defeating Northern Indiana Power men 10-6.

In the night games the Lone Star ten came out on top in a game with the Kroger lads, 10-9 and the Coca Cola's won from the Zinc Mill 3-0.

In the first game Morton's Spencer hit a double to make the only extra base blow of the game.

Score by innings: R H Fillmore..... 0 0 0 0 0 0-5 Morton..... 1 0 0 6 3 0 10-9

Batteries—T. Tharpe, Arnold and Goldsberry; K. Clodfelter and Fowler.

In the second game the Zinc Mill won easily as Hill stopped the Power ten with seven hits.

Score by innings: R H N. I. P..... 0 3 0 2 0 1-6 Zinc Mill..... 2 3 0 2 1 2 x-10 7 Batteries—Stites and Butler; Hill and T. Grimes, F. Grimes.

In the first night cap of the day the Kroger ten took an early lead scoring six runs in the first inning, but in the fifth the Lone Star men came up to get four runs and bring the score up 8 to 6 at the end of the inning. A run by Pitts in the sixth tied the score and Cooper scored the winning run in the seventh.

Extra base blows were garnered by Lone Star's Hill with a double and Kroger's Foster with two doubles.

Score by innings: R H Lone Star..... 3 0 0 1 4 1-10 10 Kroger's..... 6 0 2 1 0 0 0-9 11 Batteries Hanlon and Hill; Sellers and Roberts.

The last game of the day got under way around 8:30 and was the best game of the evening.

The Zinc Mill team lost, when, in the sixth inning, the Cokes came up to score three runs. George Taylor did the pitching for the Millers and made a fine showing by striking out 11 of the Cokemen.

Extra base blows were made by Stone and Hamm of the Cokes, both hitting doubles.

Score by innings: R H Coca Cola..... 0 0 0 0 3 0-3 4 Zinc Mill..... 0 0 0 0 0 0-0 6 Batteries—Goldsberry and Myers; Taylor and F. Grimes.

Johnny Mize Is Red Bird Hope

CARDS ONLY 3 1/2 GAMES BEHIND LEAGUE-LEADING REDS AND CLOSING FAST

NEW YORK, Aug. 21 (UP)—The big Mace of Johnny Mize today was beating a pennant tom-tom for the Red Birds—The unwanted Cardinals of St. Louis.

A month ago there was a hue and cry about moving the Cardinals away from St. Louis. The club wasn't drawing and the situation seemed hopeless. Today the Cards were only 3 1/2 games behind the league-leading Reds and closing in fast. In three weeks the Cards have come from 2 games behind to their present position.

Mize, the National league batting leader, who was turned down by the Reds after a "look-see" in 1935, struck the vital blows Sunday as the Red Birds trounced Cincinnati 7-1 and 7-5. It was St. Louis' 19th victory in 21 games, and their 7th straight, barring a tie.

After the Reds' infield had exploded and tossed the first game to the Cards in a horrendous exhibition in the eighth, Mize personally escorted the Red Birds to triumph in the nightcap with two homers—his 21st and 22nd. Altogether, the Georgia boy who drinks buttermilk smacked in six of his team's seven runs.

With the first game score tied, 1-1, in the eighth and Bucky Walters and Bob Weiland locked in a hurling duel, the Red infield blew sky high. McCormick misplayed two bunts, Walters missed up on an attempt at a trick double play, and Bill Werber was late in covering third on a force play. The Cards made four runs before Lefty Shoffner finally got the side out.

In the nightcap, Mize hit his first homer with two mates on base off Whitey Moore in the third. Then with the score tied, 5-5, he hit his second off Lefty Grissom with Slaughter, who had walked, on base.

Both contenders moved into the East today, the Reds opening in Philadelphia and the Cards in Brooklyn. The Reds have lost 11 of their last 20 games, and look like a club bent on blowing their lead as swiftly as they can. Even when they are hitting as they were in the second game, making 15 bingles, they can't win.

Pittsburgh finally broke its losing streak after setting the year's record with 12 straight. The Cubs handed the Pirates setback No. 12 in the opener, 9-5, with Claude Passeau staggering through. In the six-inning nightcap (called because of the Sunday Blue Law) the Pirates won, 5-0. Max Butcher permitted only two hits.

The Giants and Phillies split, with New York winning the opener, 8-4, on 15 hits and the Phils taking the nightcap, 3-2. Hugh Mulcahy bested Carl Hubbell in the afterpiece, each pitching a five-hitter.

It was tit for tat in the American League with the leading Yanks and Red Sox each dividing twin bills. The Athletics beat the Yanks, 5-4, on homers by Seibert and Johnson, but the Bronx Bombers won the second game, 5-1, on a five-hit pitching performance by Steve Sundra, who won his seventh straight decision.

Dutch Leonard scored his 14th victory as he pitched Washington to a 2-0 victory over Boston in the opener. Joe Cronin's wild throw in the first with two out proved Jack Wilson's downfall. Jimmy Foxx hit homer No. 32 as the Red Sox won the nightcap, 10-5.

Eric McNair's single with two out and two on in the 10th scored two runs which enabled the White Sox to beat the Indians, 6-5, for their seventh straight win. Vernon Kennedy outpitched Buck Newsom to give the Browns a 6-2 win over the Tigers.

SCHOOL FOR DELINQUENTS ASKED FOR CURRICULUM

ALBANY, N. Y. (UP)—The State Correction Department reveals that a young woman had sought to enter the Albion State Training School, not knowing that the institution housed delinquent female mental defectives.

The department said the young woman wrote to Dr. Walter B. Martin, the institution's superintendent, asking for information "regarding entrance requirements for training."

"What subjects are taught and is a position guaranteed upon completion?" the girl asked in her letter. "Is there any age limit and what education and experience are required."

"I understand that students are subsidized during the course of training. Is that true and to what extent."

JAYWALKERS WARNED DEATH ODDS ARE HIGH

CHICAGO, (UP).—The chances of a pedestrian being killed in a city traffic accident are greater than the motorist's and the odds will not be changed until walkers begin to obey the traffic laws. That is the blunt warning of the National Safety Council.

A study by the council showed that three of every five persons killed in city accidents last year were pedestrians, and two thirds of them were violating a traffic ordinance or committing an obviously unsafe act.

The solution, the council said, is a rigid pedestrian control system that will cut the death toll among this "neglected yet pampered" group.

Leslie J. Sorenson, chairman of the council Pedestrian committee, said:

"The pedestrian has evolved the simple philosophy that his job is to get across the street as best he can. He joins with other pedestrians in mass violation of traffic lights, blindly halting traffic and creating tremendous hazards to himself and motorists."

Three-fourths of all pedestrians' deaths occurred after sundown, the investigators found. A combination of drinking, darkness, walking in the road, improper lighting, dark clothing and headlight glare was responsible.

In its indictment of the careless walker, the committee pointed out that comparatively few pedestrian deaths occur among small children. Five of six pedestrians killed are at least high school age, and three-fourths are past college age.

Thirteen per cent of the 12,500 pedestrians killed last year were reported as having been drinking, while only 9 per cent of the drivers in all fatal accidents were so reported.

Sorenson proposed a four-point

platform to increase the pedestrian's chances of surviving.

1. Give the pedestrian the benefit of modern traffic engineering—underpass, walk signals and pedestrian islands in the city. Give him walkways, sidewalks and similar devices in the country. And better lighting everywhere.

2. Educate the pedestrian to use and obey these devices.

3. Make the pedestrian subject to the same strict enforcement of traffic laws as the motorist.

4. Enforce a rule that motorists wishing to make a left or right turn must wait for pedestrians walking with the green light.

ARLINGTON NATIONAL
CEMETERY, VIRGINIA

Although Arlington is the best known of all National Cemeteries, it takes its fame from the fact that it was the home of Robert E. Lee, the great American soldier. Here he and the beautiful and accomplished Mary Ann Curtis were married on June 30th, 1831; here their seven children were born; here General Lee made the momentous decision to join the Confederate Army in April, 1861. Arlington was the only home General Lee and his family had from the day of his marriage until the Confederacy fell.

Under an act of Congress the estate was seized by the War Department in 1862 because the taxes were delinquent. Mrs. Lee, the owner, sent the necessary sum by messenger but the tax commission refused to accept it on the grounds that she had to appear in person and make the payment. When she did not appear the estate was sold at public auction and was bought in by the War Department for \$26,800.

After the death of General and Mrs. Lee, their son, also a General, petitioned Congress for a return of the property. Congress ignored the petition and he brought suit against the Government. In 1879 a jury decided in his favor. The Government, through the Attorney-General, carried the case to the Supreme Court and bitterly contested the decision of the lower court. Finally, in 1882, the Supreme Court, with a divided bench, upheld the decision.

But for the generosity of the Lee family all the bodies in Arlington at that time would have had to be removed. General Lee, however, finally agreed to sell the property to the Government and in 1883 the money

was appropriated and the transfer was made.

Although the cemetery was originally set aside as a resting place for Union Soldiers and Sailors, the first burial was a Confederate trooper who had been wounded at the Battle of Bull Run. Today, any soldier who has worn the uniform of this country can be buried in Arlington; and it has thus become the favorite burial ground for soldiers of the Civil War, the Spanish-American War, the Philippine Insurrection, and the World War.

Almost every visitor to Washington, D. C. goes to Arlington, and since the World War the numbers have been increasingly great. This is due, no doubt, to the facts that the Unknown Soldier is buried there and the Government has built a magnificent open-air auditorium as a Memorial to the soldier and sailor dead of that war.

The body of the Unknown Soldier was brought from France by General Pershing and entombed on Armistice Day November 11th, 1921. As time was short a temporary tomb was constructed and it was not until 1931 that the permanent tomb was completed. It stands in front of the Memorial Auditorium and from its vantage point may be seen, the Lincoln Memorial, Washington Monument and the dome of our National Capitol. On the tomb is the simple inscription, "HERE RESTS IN HONORED GLORY AN AMERICAN SOLDIER KNOWN BUT TO GOD."

DEFAUDING EMPLOYEE TYPED IN STUDY, EARNS \$2,100 UP

NEW YORK (UP).—More than \$200,000,000 a year is lost from industry through employee frauds, according to Jacob S. Seidman, New York certified public accountant, in an address before the Institute of Accountancy at Columbia University.

Seidman said most embezzlements were possible because of faulty systems of controlling money or because of "some human failing."

The average man who commits fraud, according to Seidman's study of more than 500 cases, is about 36 years old, married, earns from \$2,100

to \$3,000 a year, owns a car and participates in community and social work. He said the defrauder as a rule had been with the company more than five years and had reached a position of trust by honesty and competent effort.

"It is impossible to know how much more than \$200,000,000 a year is stolen because not all the frauds become known publicly," Seidman said. "The method selected for wrong doing is generally of a character that sooner or later must come to light if restitution is not made. However, since the intention of the thief is merely to 'borrow' from his company, he usually plans to make good long before his manipulation can be detected."

The most general method of defrauding a company, Seidman said, was to "grab the cash on its way into the company and hope that the money will not be missed for some time." He said other methods were through the petty cash box, by padding bills, payrolls and expenses. Only in rare cases, according to Seidman, does an employee take merchandise or securities.

"When all is said and done, since fraud is primarily a matter of human weakness, the best insurance against it is the proper selection and training of the personnel," Seidman said. "Audits of their past activities

"WHEN YOU LIKE A CIGARETTE THE WAY I LIKE CAMELS —IT'S MIGHTY NICE TO GET MORE PUFFS PER PACK"

— says Owen Harding, Veteran Maine Guide

Copyright, 1939, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

Recent impartial scientific laboratory tests of 16 of the largest-selling brands show—

By burning 25% slower than the average of the 15 other of the largest-selling brands tested—**slower than any of them**—CAMELS give a smoking plus equal to

5 EXTRA SMOKES PER PACK

1 CAMELS were found to contain MORE TOBACCO BY WEIGHT than the average for the 15 other of the largest-selling brands.

2 CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME OF THE 15 OTHER OF THE LARGEST-SELLING BRANDS! By burning 25% slower, on the average, Camels give smokers the equivalent of 5 EXTRA SMOKES PER PACK!

3 In the same tests, CAMELS HELD THEIR ASH FAR LONGER than the average time for all the other brands.

OWEN HARDING, who knows the woods, streams, and portages of his native Maine country like a book, also proves a good guide on cigarette quality, as he shares his favorite brand with Mr. and Mrs. Clifford Stanford, from down in New York City. "Camels are a longer-burning cigarette," Owen says, "and that means more smokin' for my money. It means, too, that Camels taste cooler... milder. Puff for puff, Camels put more pleasure in smoking and a big extra measure of it."

Observe the way your cigarette burns. Recent impartial laboratory findings confirm the experience of Camel smokers. Camels are known to burn longer, delivering steadily to smokers more pleasure per puff and more puffs per pack. And all the while you get the mild, ripe goodness of finer, more expensive tobaccos, drawn from the largest treasure of choice tobaccos ever gathered in one place. Camels are the quality cigarette every smoker can afford.
